Other News

Thanks to everyone who came to our Bowling Rendezvous! We had a great turnout with several new faces.

For those who are interested, the non-profit group The Original Motto Project has created a form letter that you can send to your WV delegate about the current bill HB 4225, which discusses the display of the motto "In God We Trust" on public buildings. The form letter asks delegates to propose an alternative motto: "E Pluribus Unum" ("Out of Many, One"), which was the original U.S. motto chosen by the Founding Fathers. You can copy the form letter and send it to your delegate's email address at <http://originalmotto.us/2016/01/996/>.
